2. **Demise.** The lessor leases the premises to the lessee, and the lessee leases the premises from the lessor.

3. **Condition.** The lessee accepts the premises in the condition existing at the commencement of this lease agreement.

**Purpose.** The premises are to be used by the lessee for the purpose of office space.

4. **Term.** The term of this lease shall be for 60 months, commencing on the 1st day of September, 2019, and ending on the 1st day of September, 2024. If the lessor shall be unable to deliver possession of the premises to the lessee for a period of 15 days after the commencement of this lease, the lessee may, by written notice to the lessor within 21 days after the commencement of this lease, declare this lease agreement void, and such declaration, the monthly rental installments shall be ratably adjusted for the period of non-possession.

The lessee shall have the option to renew this lease for 1 term(s) of 12 months each, so long as the lessee shall have given the lessor 60 days' written notice thereof prior to the expiration of the initial term and so long as the lessee shall not have been in default at the time of the exercise of said option through and including the commencement of the additional term. The rental rate for such renewal shall be the same of the rental rate for the initial term except as follows:

See Addendum "A"

6. **Rent.** The lessee shall pay to the lessor an annual rent of U.S. \$ 12,360.00 payable in equal monthly installments of U.S. \$ 1,030.00, in advance, on the first day of each month, the first payment to be made upon the lessee's execution of this lease agreement.

A late payment fee of \$ 25.00 shall be paid by the lessee to the lessor, without notice or demand, if the lessee shall fail to make any rental payment by the 5<sup>th</sup> date after it is due. Thereafter, the lessee shall pay to the lessor U.S. \$ 5.00 for each additional day such payment is delinquent. In addition to any other remedies available to the lessor, the lessee shall pay to the lessor, without notice or demand, a handling fee of U.S. \$ 25.00 for any check tendered for rental payments which shall have been returned unpaid as occasioned by insufficient funds.

7. **Insurance.** The lessee shall procure and maintain for the benefit of the lessor and the lessee general liability policies of insurance insuring against property and personal injury arising from the use, misuse, or abuse of the premises or its appurtenances. Such policies of insurance shall be in such form and amounts and by such companies, as the lessor may accept. Initially, the amounts of such insurance shall be U.S. \$ 1,000,000.00 for death and personal injury per person, U.S. \$ 1,000,000.00 property damage, and U.S. \$ 1,000,000.00 per occurrence. The lessee will promptly pay when due any premiums on any such policy or policies of insurance and will deliver to the lessor certificates and renewals of such policy or policies at least ten days prior to the expiration date(s) thereof, marked "paid" by the issuing company or agent.

The lessee shall procure and maintain for the benefit of the lessor and the lessee's ~~workers' compensation or similar~~ **property** insurance (for all alterations and improvements to be performed by the lessee if any), and fire and casualty insurance with extended coverage, including without limitation vandalism and malicious mischief, covering all of the lessee's stock-in-trade, fixtures, furniture, machinery, equipment, and all other improvements and betterments in the amount of at least 80% of their replacement cost. Such policies of insurance shall be in such form and amounts and by such companies, as the lessor may accept.

The lessor shall have the right to direct the lessee to increase all such insurance coverages whenever the lessor shall consider them to be inadequate.

Nothing herein contained shall be construed as requiring the lessee to procure fire or casualty insurance on the building(s).

8. **Utilities.** The lessor shall pay for all water, sewer, natural gas, electricity, garbage removal. Telephone service and any other utility product or service used on the premises during the term of the lease or the lessee's occupancy of the premises shall be paid by the lessee. However, the lessor reserves the right to require the lessee to use trash removal as a part of the operation of the common area, the cost of which would then be included in the common area fees. *Lessor shall also provide at no additional cost to lessee, elevator service, janitorial services of common areas, a well as snow and ice removal of parking lot and sidewalk.*

The lessee shall pay to the lessor on the first day of each month during the term hereof or during the lessee's occupancy of the premises, a monthly heating and air conditioning charge of \$     -0-    ; this charge shall be adjusted each calendar year, and it shall be increased or decreased in relation to the percentage increase or decrease in the entire heating and air conditioning charge to the lessor as compared to the charges incurred for the previous calendar year.

9. **Security Deposit.** The lessee has deposited with the lessor the additional sum of US\$ 0-, as security for the lessee's performance under this lease agreement. After the occurrence of an event of default, the lessor may apply any portion of the security deposit to the payment of any amounts due under this lease agreement. The security deposit or any balance of the security deposit shall be returned without interest to the lessee after the lessee has vacated the premises in an acceptable condition.

10. **Maintenance, Repairs, and Replacements.** The lessee shall maintain the premises in good condition, and shall make all repairs and replacements necessary for such routine maintenance (defined as any repair or maintenance with a cost of \$500.00 or less per occurrence). In any event, the lessee shall be responsible for any repair or replacement of any damaged or broken locks, doors, or (glass or screen) windows or any other thing damaged or broken as occasioned by acts or omissions of the lessee or the lessee's employees, agents, customers, guests, or invitees. The lessor shall make all necessary structural, mechanical and roof repairs to the Monge Building unless the damage is due to the lessee's fault

11. **Advertisements.** The lessee shall include in all advertisements, including without limitation, newspaper, print, television and radio, the trademark/trade name "Monge Building". The lessee shall not, however, use "Monge Building" for any other reason without the lessor's prior written consent, including without limitation, the use of any name, trade name, mark, trade mark, service name, or service mark which includes "Monge Building". After the termination of this lease, the lessee shall not use the term "Monge Building" for any purpose.

12. **Signs and Décor.** All signs, space décor, displays, fixtures and improvements shall be designed and installed in good taste and in harmony with the Monge Building's décor, and the lessee shall remove promptly following the lessor's demand any such item which shall not be in keeping with the general concept of the Monge Building's appearance.

Furthermore, the lessee shall not install any exterior sign, lighting, plumbing fixtures, shades, awnings, decorations, painting, or other change in the exterior of the Monge Building without the lessor's prior written consent.

13. **Lessee and Employee Parking.** The lessee and the lessee's employees shall park their vehicles (limited to automobiles, pick-up trucks, vans and motorcycles) only in those portions of the parking area designated for the purpose by the lessor. The lessee shall pay to the lessor, without notice or demand, a fee of U.S. \$5.00 per day for each violation hereof. Upon lessor's demand, the lessee shall furnish the lessor with the automobile license number for all such vehicles within three days after taking possession of the premises or within three days of any change in such vehicle or license number. Lessee shall be given a space in the parking area (Space 1,2,3,15,22).
14. **Modification of Building.** The lessor reserves the right to change, modify, add to or subtract from the size and dimensions of the Monge Building or any part thereof including without limitation the number, location and dimensions of buildings and stores, walkways, corridors, and sidewalks, the number of floors in any building, the location, size and number of tenant spaces, the identity, type, and location of other stores and tenants, and the size, shape, location, arrangement of common areas, and to design and decorate any portion of the Monge Building as it desires.
15. **Subordination.** This lease shall be subordinate to the lien of any mortgage, now or hereafter placed upon the Monge Building or any part of the Monge Building, and the lessee hereby irrevocably constitutes and appoints the lessor as the lessee's attorney-in-fact coupled with an interest to execute any subordination agreements which may be required in connection with negotiation or execution of any such mortgage. Moreover, the lessee agrees to execute subordination agreement, estoppels certificate, or such other paper and document as may be reasonably requested in connection with such mortgage transactions(s).
16. **Disclaimer of Warranties.** The lessor disclaims (and the lessee accepts such disclaimer and waives any claim to the contrary) any warranties, express or implies, of merchantability, fitness for a particular purpose, or otherwise of the heating and air conditioning equipment and systems or any other equipment, system, fixture, or goods attending this leasehold interest. To the extent any items affecting the leasehold are warranted by the manufacturer or any other third party, the lessor will apply any benefit received by reason of such warranties to the repair or maintenance thereof.
17. **Assignment/Sublease.** The lessee shall not assign this lease or enter into any sublease for the premises without the prior written consent of the lessor. The lessor may assign this lease, and, if so, shall assign all security deposits, prepaid rent, taxes, insurance, and other similar prepaid item to the lessor's assignee.
18. **Alterations/Improvements.** The lessee shall make no alterations or improvements to the premises without the lessor's prior written consent. In any event, any such alteration or improvement for which there is no prior written consent shall become a part of the premises to be surrendered to the lessor at the end of the term. Moreover, any alteration or improvement and all incidental work shall be completed by the lessee or its agents, contractor, of the like within 30 days following commencement of this lease term or such alteration or improvement. Additionally, the lease shall permit no lien to attach to or claim of lien to be made against the premises.
19. **Casualty Damage.** If any part of the premises shall have been totally destroyed by fire, flood, or other unavoidable casualty such that repairs or replacements cannot be reasonably completed within one hundred twenty days from the date of written notice by

the lessee to the lessor of the occurrence of the damage, this lease shall terminate and the rent shall be abated for the unexpired portion of this lease, effective the date of such written notification. If, however, such repairs or replacements can be completed within that period and within ninety days of the expiration of the lease term, the lessor shall not be required to repair or replace such damage. If any portion of the premises shall be untenable following such casualty damage, rent shall be equitably adjusted, considering the portion being untenable and the period during which it shall have been untenable. In the event that the lessor should fail to complete the repairs or replacements within one hundred twenty days from the date of written notice by the lessee to the lessor of the occurrence of the damage, the lessee may terminate this lease by written notice to the lessor, and such termination shall be the lessee's sole remedy. The lessee shall be solely responsible for repairing or replacing any improvement, fixture, or item of personal property originally installed by the lessee which is not covered by casualty insurance, and nothing in this clause shall be construed as imposing on the lessor the duty to procure such insurance.

20. **Eminent Domain.** If all of the premises should be taken for any public or quasi-public use under any law, ordinance, or regulation or by right of eminent domain, or if all of the premises is sold to the condemning authority under threat of condemnation, this lease shall terminate and the rent shall abate effective the date upon which the condemning authority shall take possession of the premises. If less than all of the premises shall be taken or sold under such conditions, (a) the lessor may terminate this lease by written notice by the lessee, and the rent shall be abated as of the date upon which the condemning authority shall have taken possession of the premises, or (b) the lessor may rebuild or restore the improvements so long as such construction or restoration shall make the premises reasonably tenantable considering the uses for which the premises are leased, and the rent shall be equitably adjusted considering the portion of the premises being untenable and the period during which it shall be untenable. The lessor and the lessee shall each be entitled to prosecute or defend and receive separate awards and portions of lump-sum awards as may be allocated to their respective interests in any condemnation proceeding.

21. **Waste, Nuisance, and Use.** The lessee shall not commit or permit any waste of the premises; the lessee shall not maintain, commit, or permit the maintenance or commission of any nuisance on the premises; the lessee shall not use and shall not permit another to use the premises for any unlawful purpose or for any purpose which would increase the fire and casualty insurance premium. There shall be no occurrence of an event of default as occasioned by any claimed unlawful use of the premises so long as (a) the lessee shall contest in good faith, diligently, and in accordance with all applicable laws, statutes, ordinances, rules or regulations, (b) the lessee shall pay when due any zoning or use charges or fees claimed due, under protest, (c) the lessee shall fund any indemnity expense fund as provided in paragraph 29, (d) the lessee shall perform all other acts necessary to prevent the creation of any lien or claims of lien against the premises, and (e) the lessee shall not have admitted that there shall be no further appeals taken or there shall have been no final non-appealable disposition of any such contest.

Furthermore, the lessee shall not (a) install any interior advertising media without the lessor's prior written consent, (b) keep or display any merchandise on the common areas or outside the confines of the premises, (c) otherwise obstruct the sidewalks or common area, (d) fail to maintain the show windows and signs in a neat, clean and presentable condition, or (e) use any loud speakers, radio broadcasts, or other form of communication that can be heard outside the premises.

The lessor shall designate areas for the placement of trash and refuse, and lessee shall place its trash and refuse in that area for pick up by trash removal contractors.

In general, the lessee shall not perform or allow to be performed any acts or practices which may injure the building or which may cause a nuisance to or be objectionable to other tenants.

The lessee shall conduct or allow to be conducted any auction, fire or bankruptcy sale, or similar business practice without the lessor's prior written consent.

The lessor reserves the right, after consultation with the lessee, to promulgate reasonable rules and regulations relating to the use of the common areas as the lessor may deem appropriate. The lessee shall abide by such rules and regulations. The rules and regulations or amendments thereto shall be binding upon the lessee ten days after delivery of a copy of them to the lessee.

22. **Quiet Enjoyment.** The lessor covenants that the lessee shall peaceably hold or enjoy the premises so long as the lessee shall not be in default or breach.
23. **The Lessee's Indemnities.** The lessee holds harmless and indemnifies the lessor from all loss, liability, or expense that may be incurred by reason of (a) the lessee's failure to observe any covenant or perform any agreement hereunder or, (b) any accident damage, neglect, misadventure, use, misuse, or abuse of the premises or its appurtenances by the lessee, the lessee's employees, agents, customers, guests, invitees, and all others claiming by or through the lessee; these indemnities shall include all costs and expenses of defense, including reasonable attorney's fees, which the lessor may require to be funded, in advance, from time to time, by written notice to the lessee.
24. **Expiration of Term, Renewal, Early Termination, Holding Over.** At the expiration of the lease term, or upon any termination of this lease, the lessee shall yield up to the lessor all of the premises, in good condition, reasonable wear and tear expected, considering the lessee's obligations for maintenance, repairs, and replacements. The lessee shall prior to the expiration of the lease term, or upon termination, remove all property belonging to the lessee which shall not have become a part of the premises. If the lessee shall not have surrendered the premises, as agreed, the lessor may without notice deem this lease to be renewed for an equivalent period of time at double the annual rent or the lessor may without notice deem this lease to be a month to month lease at double the monthly installment(s) of rent, either of which shall be the lessor's election in addition to any other remedy of the lessor. The lessee shall return to the lessor all keys, door openers, security cards and any other means of access the day the tenant vacates the premises.
25. **Default and Remedies.** It shall be an event of default (a) if the lessee shall fail to observe any covenant or perform any agreement, including the failure to pay any monthly rental installment within 10 days of its due date including the abandonment or vacation of the premises or the appearance thereof (b) if the lessee shall be in bankruptcy (whether voluntarily or involuntarily), (c) if the lessee shall make an assignment for the benefit of creditors, (d) if any creditor of the lessee shall institute any collection suit against the lessee, or (e) if the lessee dies or, if the lessee is other than a natural person, is dissolved or terminated, whether voluntarily or involuntarily.

Upon the occurrence of an event of default, the lessor may immediately and without notice accelerate all sums due or to become due *to the maximum of 180 days* so that they are immediately due and payable, including reasonably anticipated costs and expenses,

including attorney's fees, and enter and repossess the premises and evict the lessee and those claiming under the lessee without being deemed to be guilty in any manner of trespassing; such repossession and eviction shall not prejudice any remedies which might otherwise be used by the lessor for arrears of rent or for any breach of the lessee's agreement.

All unpaid sums which shall become due under this agreement shall be deemed additional rent for purposes on any claim for rent maintained under the forcible entry and detainer laws. If the lessor shall make any expenditures which should have been made by the lessee, each such expenditure shall accrue interest at the rate of 18% per annum until fully repaid by the lessee to the lessor; examples of such expenditures without limitation are the payment of charges for taxes, assessments, insurance premiums, utilities, maintenance repairs, and replacements; nothing contained in this provision shall be construed as imposing any obligation on the lessor to make any such expenditure, and the lessor shall have no such obligation.

The lessor shall have no obligation to procure any subtenant for the benefit of the lessee, but if the lessor shall procure such subtenant, the lessee shall be credited with the rental payments made by such subtenant during the term of this lease less all reasonable amounts incurred or expended in procuring such subtenant.

The lessor shall have a lien upon all goods, chattels, and personal property belonging to the lessee which are in or on the premises as security for the payment of rent and all other sums due under this lease agreement. Such lien shall not be in lieu of or any way affect any statutory lien in favor of the lessor. Upon request, the lessee shall execute and deliver to the lessor financing statement(s). The parties shall have all rights and remedies as to such personal property as provided in the Illinois Uniform Commercial Code.

All rights and remedies of the lessor shall be cumulative, and the exercise of one shall not exclude the exercise of any other. Such rights and remedies may be exercised and enforced concurrently or non concurrently and whenever and as often as the occasion may arise. The lessor's rights and remedies shall be liberally allowed and construed.

26. **Miscellaneous.** The lessor's failure to insist on the lessee's strict performance hereunder shall not be construed as a waiver of or as an estoppel to the lessor's right to insist on strict performance of the same or a different matter at a later time. This lease agreement shall be binding upon and shall inure to the benefit of the parties and their respective successors of all kinds. This lease agreement shall be modified only in writing executed by the party against whom such modification is chargeable. In the event of litigation arising under this lease agreement, the prevailing party shall be entitled to recover all reasonable attorney's fees, whether incurred prior to or after the commencement of suit, and at any level of court. This lease agreement shall be governed by the laws of the State of Illinois. Time is of the essence of the agreement. Statutory notices and demands shall be made as provided by statute; all other notices, demands or requests shall be deemed received the date and time (if available) (a) of personal service, (b) as indicated on the receipt of U.S. Postal Main, certified or registered, return receipt requested, (c) as indicated on the receipt of any reputable private delivery firm, or (d) five days after depositing an envelope having fully prepaid, first class postage stamps affixed in an official U.S. Postal Service receptacle; with the exception of personal service, all such notices and demands other than those specifically governed by statute shall be addressed according to paragraph 1 unless either party shall notify the other of a change in such address pursuant to this provision. The lessor may enter and inspect the premises for any

reason during normal business hours or at any other time under exigent circumstances. If the lessor shall convey the premises to a third party, the lessor is exculpated from liability or obligation following such conveyance so long as the grantee or transferee has prior notice or knowledge of the existence of this lease. This lease interest shall not constitute as asset of the lessee in an event of bankruptcy or other insolvency or debtor/collector proceedings and arrangements. If any part(s) of this agreement are determined to be invalid, unenforceable, or unlawful, this agreement shall be construed as if each such part was never included in this agreement. The captions used in this agreement are for convenience only and in no way define, limit, or describe the scope, intent, or construction of this agreement of its parts.

27. **Lease Termination.** Notwithstanding any other language or provisions in the Lease Agreement to the contrary, Landlord and Tenants agree Landlord may terminate this Lease by giving Tenants *one hundred and eighty (180) days* notice. Upon being served with such notice of intent to terminate this lease, Tenants shall vacate the premises within said period of *one hundred and eighty (180) days*. Any rents paid in advance for the month in which the premises are vacated shall be prorated to date of vacation. Tenant shall continue to adhere to all of the terms and conditions of this agreement until date of vacation. *Tenant maintains mutually equal rights of 180 days notice to terminate this lease.*
28. **Environmental Matters.** Landlord, at no cost or expense to the Tenant as operating expense or otherwise, shall, solely with regard to actions or omissions of the Landlord, take all actions necessary to comply with all Environmental Laws affecting the Demised Premises, the Real Estate or Project, including without limitation, removal, containment and remedial actions required by any Environmental Laws or any governmental agencies in the enforcement of Environmental Law affecting the Demised Premises, Real Estate, or Project, and shall indemnify Tenant from and against any and all costs, claims, expenses, damages, liens, losses, and judgments arising out of Landlord's failure to comply with Environmental Laws.

Mr. David Zimmerman  
Tazewell County  
11 S. 4th Street  
Pekin, IL 61554

Dear Mr. Zimmerman:

We are pleased to confirm our understanding of the terms and objectives of our engagement and the nature and limitations of the audit and nonaudit services CliftonLarsonAllen LLP ("CLA," "we," "us," and "our") will provide for Tazewell County, Illinois ("you," "your," or "the entity") for the year ended November 30, 2019.

Adam Pulley is responsible for the performance of the audit engagement.

**Audit services**

We will audit the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information, which collectively comprise the basic financial statements of Tazewell County, Illinois, as of and for the year ended November 30, 2019, and the related notes to the financial statements.

The Governmental Accounting Standards Board (GASB) provides for certain required supplementary information (RSI) to accompany the entity's basic financial statements. The RSI will be subjected to certain limited procedures, but will not be audited.

We will also evaluate and report on the presentation of the supplementary information other than RSI accompanying the financial statements in relation to the financial statements as a whole.

The information other than RSI accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements and our auditors' report will not provide an opinion or any assurance on that information.

**Nonaudit services**

We will also provide the following nonaudit services:

- Preparation of the AFR.
- Preparation of your financial statements, schedule of expenditures of federal awards, and related notes.
- Preparation of adjusting journal entries, as needed.

### **Audit objectives**

The objective of our audit is the expression of opinions about whether your basic financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS); the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our audit will include tests of your accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express opinions and render the required reports. We will apply certain limited procedures to the RSI in accordance with U.S. GAAS. However, we will not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. We will also perform procedures to enable us to express an opinion on whether the supplementary information other than RSI accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

The objectives of our audit also include:

- Reporting on internal control over financial reporting and compliance with the provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Reporting on internal control over compliance related to major programs and expressing an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We will issue written reports upon completion of our audit of your financial statements and compliance with requirements applicable to major programs. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement. If our opinions on the financial statements or the single audit compliance opinion are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial

statements or material noncompliance caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming opinions on the financial statements or an opinion on compliance, we retain the right to take any course of action permitted by professional standards, including declining to express opinions or issue reports, or withdrawing from the engagement.

#### **Auditor responsibilities, procedures, and limitations**

We will conduct our audit in accordance with U.S. GAAS and the standards for financial audits contained in *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements as a whole are free from material misstatement, whether due to fraud or error. An audit involves performing procedures to obtain sufficient appropriate audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

There is an unavoidable risk, because of the inherent limitations of an audit, together with the inherent limitations of internal control, that some material misstatements or noncompliance may not be detected, even though the audit is properly planned and performed in accordance with U.S. GAAS, *Government Auditing Standards*, and the Uniform Guidance. Because we will not perform a detailed examination of all transactions, material misstatements, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity, may not be detected. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management and those charged with governance of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management and those charged with governance of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a single audit.

In making our risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the basic financial statements and compliance in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting fraud or errors that are material to the financial statements and to preventing and detecting misstatements resulting from noncompliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with the direct and material compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify deficiencies, significant deficiencies, or material weaknesses in internal control. However, we will communicate to you in writing significant deficiencies or material weaknesses in internal control relevant to the audit of the basic financial statements that we identify during the audit that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the entity's compliance with the provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

We will include in our report on internal control over financial reporting and on compliance relevant information about any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that may have occurred that are required to be communicated under *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards that may have a direct and material effect on each of the entity's major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs. The purpose of these procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

We will evaluate the presentation of the schedule of expenditures of federal awards accompanying the financial statements in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the schedule to determine whether the information complies with U.S. GAAP and the Uniform Guidance, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the schedule to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

### **Management responsibilities**

Our audit will be conducted on the basis that you (management and, when appropriate, those charged with governance) acknowledge and understand that you have certain responsibilities that are fundamental to the conduct of an audit.

You are responsible for the preparation and fair presentation of the financial statements, RSI, and the schedule of expenditures of federal awards in accordance with U.S. GAAP. Management is also responsible for identifying all federal awards received, understanding and complying with the compliance requirements, and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the requirements of the Uniform Guidance.

Management's responsibilities include the selection and application of accounting principles; recording and reflecting all transactions in the financial statements; determining the reasonableness of significant accounting estimates included in the financial statements; adjusting the financial statements to correct material misstatements; and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. Management is responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are responsible for the design, implementation, and maintenance of effective internal control, including internal control over compliance, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and that there is reasonable assurance that government programs are administered in compliance with compliance requirements.

You are responsible for the design, implementation, and maintenance of internal controls to prevent and detect fraud; assessing the risk that the financial statements may be materially misstated as a result of fraud; and for informing us about all known or suspected fraud affecting the entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for implementing systems designed to achieve compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; identifying and ensuring that the entity complies with applicable laws, regulations, contracts, and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; and informing us of all instances of identified or suspected noncompliance whose effects on the financial statements should be considered.

You are responsible for taking timely and appropriate steps to remedy any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that we may report. Additionally, as required by

the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings; and to follow up and take prompt corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review.

You are responsible for ensuring that management is reliable and for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters, and for the accuracy and completeness of that information, and for ensuring the information is reliable and properly reported; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance; (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence. You agree to inform us of events occurring or facts discovered subsequent to the date of the financial statements that may affect the financial statements.

You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

Management is responsible for the preparation and fair presentation of other supplementary information in accordance with U.S. GAAP. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. You agree to provide us written representations related to the presentation of the supplementary information.

Management is responsible for providing us with a written confirmation concerning representations made by you and your staff to us in connection with the audit and the presentation of the basic financial statements and RSI. During our engagement, we will request information and explanations from you regarding, among other matters, the entity's activities, internal control, future plans, specific transactions, and accounting systems and procedures. The procedures we will perform during our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the representations that we receive in the representation letter and otherwise from you. Accordingly, inaccurate, incomplete, or false representations could cause us to expend unnecessary effort or could cause a material fraud or error to go undetected by our procedures. In view of the

foregoing, you agree that we shall not be responsible for any misstatements in the entity's financial statements that we may fail to detect as a result of misrepresentations made to us by you.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies to us of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the "Audit objectives" section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

#### **Responsibilities and limitations related to nonaudit services**

For all nonaudit services we may provide to you, management agrees to assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience to understand and oversee the services; evaluate the adequacy and results of the services; and accept responsibility for the results of the services.

The responsibilities and limitations related to the nonaudit services performed as part of this engagement are as follows:

- We will prepare the AFR. You will be required to review, approve, and accept responsibility for the AFR.
- We will prepare a draft of your financial statements, schedule of expenditures of federal awards, and related notes in conformity with U.S. GAAP and the Uniform Guidance based on information provided by you. Since the preparation and fair presentation of the financial statements and schedule of expenditures of federal awards is your responsibility, you will be required to acknowledge in the representation letter our assistance with preparation of the financial statements and schedule of expenditures of federal awards and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. You have a responsibility to be in a position in fact and appearance to make an informed judgment on those financial statements and schedule of expenditures of federal awards.
- We will propose adjusting journal entries as needed. You will be required to review and approve those entries and to understand the nature of the changes and their impact on the financial statements.

These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*.

#### **Use of financial statements**

The financial statements and our report thereon are for management's use. If you intend to reproduce and publish the financial statements and our report thereon, they must be reproduced in their entirety. Inclusion of the audited financial statements in a document, such as an annual report or an offering document, should be done only with our prior approval of the document. You are responsible to provide us the opportunity to review such documents before issuance.

If the parties (i.e., you and CLA) agree that CLA will not be involved with your official statements related to municipal securities filings or other offering documents, we will require that any official statements or other offering documents issued by you with which we are not involved clearly indicate that CLA is not involved with the contents of such documents. Such disclosure should read as follows:

CliftonLarsonAllen LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. CliftonLarsonAllen LLP also has not performed any procedures relating to this offering document.

Should you decide to include or incorporate by reference these financial statements and our auditors' report(s) thereon in a future private placement or other offering of equity or debt securities, you agree that we are under no obligation to re-issue our report or provide consent for the use of our report in such a registration or offering document. We will determine, at our sole discretion, whether we will re-issue our report or provide consent for the use of our report only after we have performed the procedures we consider necessary in the circumstances. If we decide to re-issue our report or consent to the use of our report, we will be required to perform certain procedures including, but not limited to, (a) reading other information incorporated by reference in the registration statement or other offering document and (b) subsequent event procedures. These procedures will be considered an engagement separate and distinct from our audit engagement, and we will bill you separately. If we decide to re-issue our report or consent to the use of our report, you agree that we will be included on each distribution of draft offering materials and we will receive a complete set of final documents. If we decide not to re-issue our report or decide to withhold our consent to the use of our report, you may be required to engage another firm to audit periods covered by our audit reports, and that firm will likely bill you for its services. While the successor auditor may request access to our workpapers for those periods, we are under no obligation to permit such access.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website or submitted on a regulator website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information in the electronic site with the original document.

We may issue preliminary draft financial statements to you for your review. Any preliminary draft financial statements should not be relied on or distributed.

#### **Engagement administration and other matters**

We understand that your employees will prepare all confirmations, account analyses, and audit schedules we request and will locate any documents or invoices selected by us for testing. A list of information we expect to need for our audit and the dates required will be provided in a separate communication.

At the conclusion of the engagement, we will complete the auditor sections of the electronic Data Collection Form SF-SAC and perform the steps to certify the Form SF-SAC and single audit reporting package. It is management's responsibility to complete the auditee sections of the Data Collection Form. We will create the single audit reporting package PDF file for submission; however, it is management's responsibility to review for completeness and accuracy and electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and

corrective action plan) along with the Data Collection Form to the federal audit clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be electronically submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the entity; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

We are available to perform additional procedures with regard to fraud detection and prevention, at your request, as a separate engagement, subject to completion of our normal engagement acceptance procedures. The terms and fees of such an engagement would be documented in a separate engagement letter.

The audit documentation for this engagement is the sole and exclusive property of CLA and constitutes confidential and proprietary information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to a Regulator, Cognizant or Oversight Agency for Audit, or Pass-through Entity, or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of CLA personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by the Regulator, Cognizant or Oversight Agency for Audit, or Pass-through Entity. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Except as permitted by the "Consent" section of this agreement, CLA will not disclose any confidential, proprietary, or privileged information of the entity to any persons without the authorization of entity management or unless required by law. This confidentiality provision does not prohibit us from disclosing your information to one or more of our affiliated companies in order to provide services that you have requested from us or from any such affiliated company. Any such affiliated company shall be subject to the same restrictions on the use and disclosure of your information as apply to us.

Professional standards require us to be independent with respect to you in the performance of these services. Any discussion that you have with our personnel regarding potential employment with you could impair our independence with respect to this engagement. Therefore, we request that you inform us prior to any such discussions so that we can implement appropriate safeguards to maintain our independence and objectivity. Further, any employment offers to any staff members working on this engagement without our prior knowledge may require substantial additional procedures to ensure our independence. You will be responsible for any additional costs incurred to perform these procedures.

Our relationship with you is limited to that described in this letter. As such, you understand and agree that we are acting solely as independent accountants. We are not acting in any way as a fiduciary or assuming any fiduciary responsibilities for you. We are not responsible for the preparation of any report to any governmental agency, or any other form, return, or report or for providing advice or any other service not specifically recited in this letter.

Our engagement and responsibility end on delivery of our signed report. Any additional services that might be requested will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a new, specific engagement letter for that service.

*Government Auditing Standards* require that we make our most recent external peer review report publicly available. The report is posted on our website at [www.CLAconnect.com/Aboutus/](http://www.CLAconnect.com/Aboutus/).

### **Mediation**

Any disagreement, controversy, or claim ("Dispute") that may arise out of any aspect of our services or relationship with you, including this engagement, shall be submitted to non-binding mediation by written notice ("Mediation Notice") to the other party. In mediation, we will work with you to resolve any differences voluntarily with the aid of an impartial mediator.

The mediation will be conducted as specified by the mediator and agreed upon by the parties. The parties agree to discuss their differences in good faith and to attempt, with the assistance of the mediator, to reach an amicable resolution of the Dispute.

Each party will bear its own costs in the mediation. The fees and expenses of the mediator will be shared equally by the parties.

Any Dispute will be governed by the laws of the state of Minnesota, without giving effect to choice of law principles.

### **Time limitation**

The nature of our services makes it difficult, with the passage of time, to gather and present evidence that fully and fairly establishes the facts underlying any Dispute that may arise between the parties. The parties agree that, notwithstanding any statute or law of limitations that might otherwise apply to a Dispute, including one arising out of this agreement or the services performed under this agreement, for breach of contract or fiduciary duty, tort, fraud, misrepresentation or any other cause of action or remedy, any action or legal proceeding by you against us must be commenced within twenty-four (24) months ("Limitation Period") after the date when we deliver our final audit report under this agreement to you, regardless of whether we do other services for you relating to the audit report, or you shall be forever barred from commencing a lawsuit or obtaining any legal or equitable relief or recovery.

The Limitation Period applies and begins to run even if you have not suffered any damage or loss, or have not become aware of the existence or possible existence of a Dispute.

### **Fees**

Our fees for these services will be based on the time involved and the degree of responsibility and skills required, plus expenses including internal and administrative charges. Based on our preliminary estimates, the fee for the engagement should approximate \$80,000 for the audit and \$11,200 for entering the information in the Data Collection Form SF-SAC and creating the single audit reporting package. The fee estimate is based on anticipated cooperation from your personnel and their assistance with preparing confirmations and requested schedules. If the requested items are not available on the dates required or are not accurate, the estimated fee for services will likely be higher. If unexpected circumstances require significant additional time, we will obtain prior approval from you before undertaking work that would require any increase in the fee estimate. Our invoices for these fees, plus applicable state and local taxes, will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and will not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed even if we have not issued our reports. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

### ***Unanticipated services***

We do not anticipate encountering the need to perform additional services beyond those described in this letter. Below are listings of services considered to be outside the scope of our engagement. If any such service needs to be completed before the audit can proceed in an efficient manner, we will determine whether we can provide the service and maintain our independence. We will obtain prior approval from you prior to performing any services beyond those described as above in this letter. We will provide a fair and reasonable price for providing the additional services. We will bill you for any prior approved services at periodic dates after the additional approved service has been performed.

#### **Bookkeeping services**

Bookkeeping services are not audit services. Bookkeeping services include the following activities:

- Preparation of a trial balance
- Account reconciliations
- Bank statement reconciliations
- Capital asset accounting (e.g., calculating depreciation, identify capital assets for additions and deletions)
- Calculating accruals
- Analyzing transactions for proper recording
- Converting cash basis accounting records to accrual basis

- Processing immaterial adjustments through the financial statements
- Adjusting the financial statements for new activities and new disclosures

**Additional work resulting from unanticipated changes in your organization or accounting records**

If your organization undergoes significant changes in key personnel, accounting systems, and/or internal control, we are required to update our audit documentation and audit plan. The following are examples of situations that will require additional audit work:

- Revising documentation of your internal control for changes resulting from your implementation of new information systems
- Deterioration in the quality of the entity's accounting records during the current-year engagement in comparison to the prior-year engagement
- Significant new accounting issues
- Significant changes in your volume of business
- Mergers, acquisitions, or other business combinations
- New or unusual transactions
- Changes in audit scope or requirements resulting from changes in your activities
- Erroneous or incomplete accounting records
- Evidence of material weaknesses or significant deficiencies in internal control
- Substantial increases in the number or significance of problem loans
- Regulatory examination matters
- Implementation or adoption of new or existing accounting, reporting, regulatory, or tax requirements
- New financial statement disclosures

**Changes in engagement timing and assistance by your personnel**

The fee estimate is based on anticipated cooperation from your personnel and their assistance with timely preparation of confirmations and requested schedules. If the requested items are not available on the dates required or are not accurate, we will advise management. Additional time and costs may be necessary because of such unanticipated delays. Any additional cost requires prior notification to and approval of the County. Examples of situations that may cause our estimated fee to increase include:

- Significant delays in responding to our requests for information such as reconciling variances or providing requested supporting documentation (e.g., invoices, contracts, and other documents)
- Rescheduling our fieldwork
- Schedule disruption caused by litigation, financial challenges (going concern), loan covenants (waivers), etc.
- Identifying a significant number of proposed audit adjustments
- Schedules prepared by your personnel that do not reconcile to the general ledger
- Numerous revisions to information and schedules provided by your personnel
- Restating financial statements for accounting errors in the prior year
- Lack of availability of entity personnel during audit fieldwork

***Changes in accounting and audit standards***

Standard setters and regulators continue to evaluate and modify standards. Such changes may result in new or revised financial reporting and disclosure requirements or expand the nature, timing, and scope of the activities we are required to perform. To the extent that the amount of time required to provide the services described in the letter increases due to such changes, our fee may need to be adjusted. We will discuss such circumstances with you prior to performing the additional work. Such additional work and added fees require prior approval of the County.

***Other fees***

You also agree to compensate us for any time and expenses, including time and expenses of legal counsel, we may incur in responding to discovery requests or participating as a witness or otherwise in any legal, regulatory, or other proceedings that we are asked to respond to on your behalf. Such additional costs require prior approval of the County.

***Finance charges and collection expenses***

You agree that if any statement is not paid within 60 days from its billing date, the unpaid balance shall accrue interest at the monthly rate of one and one-quarter percent (1.00%), which is an annual percentage rate of 12%. In the event that any collection action is required to collect unpaid balances due us, reasonable attorney fees and expenses shall be recoverable.

**Consent**

***Consent to use financial information***

Annually, we assemble a variety of benchmarking analyses using client data obtained through our audit and other engagements. Some of this benchmarking information is published and released publicly. However, the information that we obtain is confidential, as required by the AICPA Code of Professional Conduct. Your acceptance of this engagement letter will serve as your consent to use of Tazewell County, Illinois' information in these cost comparison, performance indicator, and/or benchmarking reports.

**Agreement**

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. This letter constitutes the entire agreement regarding these services and supersedes all prior agreements (whether oral or written), understandings, negotiations, and discussions between you and CLA. If you have any questions, please let us know.
