**AN ORDINANCE AMENDING TITLE XV, CHAPTER 153
WIND ENERGY CODE OF TAZEWELL COUNTY**

(Zoning Board Case No. 22-19-A)

WHEREAS, an Amendment to the Tazewell County Wind Energy Code hereinafter was previously referred by the TAZEWELL COUNTY LAND USE COMMITTEE to the Zoning Board of Appeals for hearing; and

WHEREAS, a public hearing on said Amendment was held June 8, 2022, June 9, 2022, June 15, 2022 and June 30, 2022, following due publication of said hearing in accordance with law, and the said Zoning Board of Appeals thereafter made a report to this Board recommending approval, as amended; and

WHEREAS, said report of the Zoning Board of Appeals contained the following findings of fact:

1. *The proposed amendment shall not be detrimental to the orderly development of Tazewell County.*

POSITIVE. The proposed amendment will not halt current wind production in Tazewell County nor will it have a long term adverse effect on future wind energy conservation system development in Tazewell County.

2. *The proposed amendment shall not be detrimental to or endanger the public health, safety, morals or general welfare of Tazewell County.*

POSITIVE. The proposed amendment will not halt current wind production in Tazewell County nor will it have a long term adverse effect on future wind energy conservation system development in the County. The proposed amendment will not endanger the general welfare of the County, being a temporary measure to ensure future public health and safety are held in the highest regard.

which findings of fact are hereby accepted by this Board as the reason for approving the Amendment hereinafter authorized.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNTY BOARD OF TAZEWELL COUNTY, ILLINOIS:

(Add Verbiage as Bolded and Italicized. Remove verbiage as stricken.)

(A) Notwithstanding the foregoing contained in this Ordinance, a moratorium is hereby placed on the issuance of permits for the development, placement, construction, operation or modification of any WECS for a period of *up to* six (6) months from the date of this ordinance unless otherwise extended by the County Board. ***This provision is not construed to affect the operation of the Rail Splitter Wind Farm, currently in operation.***

(B) Development of Revised Regulations and/or Standards. During the six (6) month moratorium period, the County will investigate the impact of WECS on the public's health, safety and welfare and determine whether the County's WECS Ordinance should be revised to update the standards and regulations therein to provide appropriate regulations and standards for the development, placement, construction, operation and modification of WECS in the County.

~~(C) All ordinances or parts of ordinances in conflict with these provisions are repealed.~~

~~(D)~~(C) This ordinance shall become effective from and after its passage, approval, and publication in pamphlet form in the manner prescribed by law.

WHEREAS, this amendatory ordinance shall take effect immediately upon passage as provided by law.

Mr. Chairman and Members of the Tazewell County Board:

Your Human Resources Committee has considered the following RESOLUTION and recommends that it be adopted by the Board:

RESOLUTION

WHEREAS, the Human Resources Committee recognizes that the availability of wellness and preventative health benefits is on the rise in health insurance plans and can be effective with regard to early detection of diseases and chronic illness management; and

WHEREAS, the County has offered an annual Health Fair since 2008, during which employees can participate in a variety of preventative health programs and evaluations; and

WHEREAS, the 2022 Health Fair is scheduled for September 13th, September 14th and September 15th to be held at UnityPoint Health - Pekin; and

WHEREAS, employees qualifying for and purchasing the employee health benefit who participate in a county sponsored Health Risk Assessment Program which includes compliance with the Health Coaching Program and, when necessary, the Clinical Care Coordination will receive an incentive of \$200 before taxes and up to \$100 before taxes for participation in the Points Program; and

WHEREAS, the County has an agreement with Optimum Health for Promotion Services with the focus on improving overall health with encouragement and interaction; and

WHEREAS, the Wellness Pro Package is an all-inclusive package including wellness challenges, education, engagement and oversight; and

WHEREAS, any employee who may not qualify for or has not purchased the employee health benefit may participate in a county sponsored Health Risk Assessment Program and the Health Coaching Program at no cost to the employee but will not receive a monetary incentive for doing so and will not qualify for any Wellness Pro Package benefits.

THEREFORE BE IT RESOLVED by the County Board that the Board authorizes participation by County employees and eligible spouses in the Health Fair as an enhancement to the County's benefit package.

BE IT FURTHER RESOLVED that the County's cost of participating in the Health Fair will be covered from the County's Health Internal Service Fund.

AGREEMENT TO PROVIDE HEALTH PROMOTION SERVICES

This Services Agreement is made and entered into as of the 1st day of August, 2022 (the “Effective Date”), by and between Optimum Health Solutions, Inc. (“OHS”) and Tazewell County (“Client”).

WHEREAS, the Client desires to obtain health promotion service from OHS.

WHEREAS, OHS shall provide these health promotion services to Client.

1. Definitions

- (a) “Effective Date” shall mean the 1st day of August, 2022.
- (b) “Eligible Person” means an employee of the Client or, as applicable, the spouse or dependent over the age of 18 of such employee, who is permitted by the Client to participate in the designated wellness program.
- (c) “Health Coaching” means, for Eligible Participants who participate in the Wellness Program, the assessment of their current health risk status, identifying areas of concern, establishment of goals for personal improvement, providing skills and motivation for health improvement, and measuring individual progress and establishing benchmarks for improvement in the areas of concern.
- (d) “Health Screening” means an event organized for the Eligible Persons of the employer for the purpose of obtaining biometric data (for example, cholesterol, blood glucose, blood pressure, etc.) from Participants.
- (e) “Participant” means an Eligible Person who has chosen to participate in the wellness program, and who submits a completed Health Risk Assessment.
- (f) “Software Platform and Applications” means the tool utilized for the identification, communication and methods for the reduction of individual health risks which, in the aggregate, provide a process for enhancing the health of an employer’s workforce.

2. Software Platform and Applications

OHS shall provide an on-line Health Risk Assessment, Personal Health Report for each Participant, Aggregate Reports for the Client, Participant Portal Access and Engagement Applications through its Software Platform.

3. Health Screening

OHS shall provide an on-site health screening during the employer’s regular business hours on a mutually agreeable time and date and annually thereafter. Standard services shall include the following items:

- (a) Lipid Profile
- (b) Comprehensive Metabolic Panel
- (c) Complete Blood Count
- (d) Blood Pressure
- (e) Height and Weight
- (f) Pulse

4. **Health Coaching and Clinical Care Coordination**

Following each annual health screening, OHS will determine Health Coaching/Clinical Care Coordination Eligibility based on risk factors present. Each Participant will be confidentially contacted via telephone to address their health issues. OHS will contact the Participants at a mutually agreed upon time via telephone for a set number of consultations based upon their risk factors.

5. **Predictive Modeling Services**

OHS will enhance the Health Coaching Services with its predictive modeling tool if claim data is available in coordination with a structured coaching program including participation of 75% of the eligible population. The predictive modeling tool is utilized by the health coaches to identify preventive screening compliance, gaps in care and disease state compliance.

6. **Cooperation**

The Client shall designate an employee to serve as coordinator with OHS in connection with its duties under this Agreement. The Employer shall promote and support the programs offered by OHS and encourage its Eligible Employees to participate therein.

7. **Confidentiality**

OHS shall handle confidential protected health information in accordance with the provisions of the attached Business Associate Addendum, Exhibit B. OHS will not disclose individually identifiable health information to the Client.

8. **Fee**

The Employer shall pay to OHS a fee for standard services as described on Exhibit A.

9. **Effective Date, Term, Renewal and Termination**

- a) This Agreement shall begin on the Effective Date and continue for a period of 3 year from that date (the "initial term"), unless otherwise terminated pursuant to the terms hereof.
- b) Renewal Terms. On the expiration date of this Agreement, this Agreement shall automatically renew for a term of 1 (1) year. Either party may terminate this Agreement by notifying the non-terminating party of its intent to terminate. Such notice must be provided no more than 60-days prior to the expiration of the original Agreement.
- c) Renewal Fee Schedule. Upon the renewal of this Agreement, OHS and client may mutually agree to an increase in the fees set forth in Exhibit A.
- d) Termination for Material Breach. Either OHS or the Client may terminate this Agreement by providing the other party with a minimum of ninety (90) days' prior written notice in the event

the other party commits a Material Breach (as defined below). Said notice must specify the nature of such Material Breach. The breaching party shall have thirty (30) days from the date of receipt of the foregoing notice to cure said Material Breach. In the event the breaching party fails to cure the Material Breach within said thirty (30) day period, this Agreement shall automatically terminate upon expiration of the ninety (90) day notice period. For purposes of this Agreement, the term "Material Breach" shall mean a breach of an essential term of this Agreement, not caused by or contributed to by the aggrieved party.

10. **Indemnity**

OHS shall indemnify the Client and hold it harmless from any and all loss, cost, claim, liability, damage or expense, including reasonable attorney fees, which it may incur with respect to any third party claims resulting solely from the negligent acts or omissions of OHS in connection with conduct of services.

11. **Relationship of Parties**

The relationship created by this Agreement is that of independent contractors. Nothing herein shall be construed to create a relationship between the parties of employer and employee, principal and agent, partners or joint venturers.

12. **Entire Agreement**

This is the entire agreement between the parties and supersedes all other agreements, either oral or in writing. No promises, warranties, inducements or representations have been made except as set forth in this Agreement. This Agreement may not be modified except by written agreements signed by authorized officers of the parties.

13. **Governing Law**

This Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of Illinois without regard to principles of conflicts of laws.

14. **Waiver of Breach**

The failure of either party to require strict adherence of the other to the requirements of this Agreement shall in no way affect the respective rights of either party to enforce same nor shall any waiver of any breach of this contract be construed as a waiver of any subsequent breach or a waiver or modification of the provisions of this Agreement.

15. **Force Majeure**

Neither party shall be liable for failure or delay of performance hereunder arising from Acts of God or other acts or occurrences beyond control of the parties, including but not limited to acts of courts and regulatory bodies, fires, explosions, weather-related obstacles to performance, labor stoppages, war or rebellion.

16. **Notices**

All notices given under this Agreement shall be in writing and sent by first class United States mail, postage prepaid, to the other party as set forth below, or to such other person or address as either party may designate from time to time in writing to the other party.

- c. "**Business Associate Functions**" means all functions performed by Business Associate under one or more Service Agreements on behalf of Covered Entity which involve the creation, receipt, transmission or maintenance of PHI by Business Associate on behalf of Covered Entity by Business Associate or its agents or subcontractors.
- d. "**HIPAA**" means the administrative simplification provisions of the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. §§ 1320d to 1320d-7, and future amendments thereto and the Regulations issued thereunder.
- e. "**PHI**" means protected health information as defined in the Regulations, which is created, obtained or used by Business Associate in the performance of one or more Business Associate Functions for Covered Entity.
- f. "**Regulations**" means the final Regulations implementing the provisions of HIPAA as amended from time to time. The Regulations are presently codified at 45 C.F.R. Parts 160 and 164.
- g. "**Services Agreement(s)**" or "**Agreement**" means all agreements, whether written or oral, and whether now in effect or hereafter entered into, between Covered Entity and Business Associate for the performance of Business Associate Functions by Business Associate.
- h. "**Security Incident**" means the attempted or successful unauthorized access, use, disclosure, modification or destruction of information or interference with system operations in an information system.
- i. "**Unsecured PHI**" means PHI that has not been rendered unusable, unreadable, or indecipherable to unauthorized individuals by one or more of the methods outlined by the Department of Health and Human Services in 74 Fed. Reg. 70 (2009) (to be codified at 45 C.F.R. §160 and §164).

2. **Purpose.** Optimum Health Solutions is a Covered Entity under HIPAA and Tazewell County is its Business Associate. HIPAA requires Covered Entity to obtain satisfactory written contractual assurances from its business associates before furnishing them with PHI or permitting them to obtain or create PHI to perform Business Associate Functions. This Agreement is entered into to provide Covered Entity with the contractual assurances required under HIPAA.

3. **Permitted Uses and Disclosures of PHI.** Business Associate shall only use and disclose PHI as permitted or required under this Agreement or as required by law, but shall not otherwise use or disclose any PHI. Business Associate shall not, and shall ensure that its employees, other agents and contractors do not, use or disclose PHI received from Covered Entity in any manner that would constitute a violation of HIPAA or state privacy law if used or disclosed by Covered Entity. To the extent Business Associate carries out any of Covered Entity's obligations under HIPAA, Business Associate shall comply with the requirements of HIPAA that apply to Covered Entity in the performance of such obligations. Without limiting the generality of the foregoing, Business Associate is permitted to use or disclose PHI as set forth below:

- a. Business Associate may use PHI to perform Business Associate Functions.
- b. Business Associate may use PHI as needed for the proper management and administration of Business Associate and to carry out the legal responsibilities of Business Associate.

4. **Special Conditions on Disclosure for Business Associate's Purposes.** Before Business Associate may *disclose* PHI to another party for a reason described in subparagraph 3b, one of the following two conditions must be met; either –

- a. the disclosure must be *required by law*; or
- b. Business Associate must obtain *reasonable assurances* from the person to whom the PHI is disclosed that such person will safeguard the PHI and further use and disclose it only as required by law or for the purpose for which Business Associate disclosed it to such person; and such person must agree in writing to notify Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been breached.

5. **Privacy Assurances of Business Associate.** As an express condition of performing Business Associate Functions, Business Associate agrees to the following terms and conditions:

- a. **Compliance with Law.** Business Associate shall comply with the requirements of Title XIII, Subtitle D of the Health Information Technology for Economic and Clinical Health (HITECH) Act, codified at 42 U.S.C. §§ 17921-17954, which are applicable to Business Associates, and comply with all regulations issued by the Department of Health and Human Services (HHS) to implement HITECH, as of the date by which Business Associate is required to comply with HITECH and the related regulations. Such requirements are hereby incorporated by reference into this Business Associate Agreement.
- b. **Uses and Disclosures.** Business Associate shall use and disclose PHI only as permitted or required by this Agreement, or as otherwise required by law. Business Associate shall not use or disclose information in a manner that would violate any applicable law if done by Covered Entity.
- c. **Safeguards.** Business Associate shall use appropriate safeguards to prevent use or disclosure of PHI other than as provided for in this Agreement. In addition, Business Associate shall implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of ePHI that it creates, receives, maintains or transmits on behalf of Covered Entity. Business Associate shall comply with the HIPAA Security Rule with respect to ePHI.
- d. **Breach Reporting and Notification.** Business Associate shall:

i. Report to Covered Entity's designated privacy official, without unreasonable delay, but in no event later than five (5) business days of discovery by Business Associate, any acquisition, access, use or disclosure of PHI not provided for in this Agreement or not permitted under the Regulations, including any impermissible access, acquisition, use or disclosure that is a Breach of Unsecured PHI, by Business Associate, its employees, other agents or contractors or by a third party to which Business Associate disclosed PHI (each an "Unauthorized Use or Disclosure"), including any impermissible access, acquisition, use or disclosure that is a Breach of Unsecured PHI, together with any remedial or mitigating action taken or proposed to be taken with respect thereto.

ii. Conduct a risk assessment with respect to any impermissible access, acquisition, use or disclosure to determine if there is a low probability that the PHI has been compromised. Business Associate shall notify Covered Entity of any such impermissible access, acquisition, use or disclosure, including the following information in such notice:

a) A brief description of how the impermissible access, acquisition, use or disclosure occurred and how and when it was discovered.

b) A description of whether Unsecured PHI was involved in the impermissible access, acquisition, use or disclosure, and the results of Business Associate's risk assessment.

c) The steps Business Associate is taking to further investigate the Unauthorized Use or Disclosure, to mitigate losses, and to protect against further impermissible access, acquisition, use or disclosure.

In addition, Business Associate shall cooperate with Covered Entity in making any required notification to individuals in the case of a Breach as determined by Covered Entity. Business Associate shall reimburse Covered Entity for all costs, expenses, damages and other losses resulting from any breach of this Agreement, Unauthorized Use or Disclosure, Security Incident or Breach involving PHI maintained by Business Associate, including, without limitation: fines or settlement amounts owed to a state or federal government agency; the cost of any notifications to Individuals or government agencies; credit monitoring for affected individuals for a one year period (if reasonable and appropriate under the circumstances); or other mitigation steps taken by Covered Entity to comply with HIPAA or state law.

e. **Mitigation.** Business Associate shall cooperate with Covered Entity in taking reasonable steps to mitigate, to the extent practicable, any harmful effects of any impermissible access, acquisition, use or disclosure of PHI in violation of this Agreement or HIPAA.

f. **Subcontractors and Agents.** Business Associate shall enter into a written agreement meeting the requirements of 45 C.F.R. §§ 164.504(e) and 164.314(a)(2) with each subcontractor (including, without limitation, a subcontractor that is an agent under applicable law) that creates, receives, maintains or transmits PHI on behalf of Business Associate. Business Associate shall ensure that the written agreement with each subcontractor obligates the subcontractor to comply with restrictions and conditions that

are at least as restrictive as the restrictions and conditions that apply to Business Associate under this Agreement.

g. **Individual Access to PHI.** Within ten (10) business days of a request by Covered Entity for access to PHI about an individual contained in any Designated Record Set of Covered Entity maintained by Business Associate, Business Associate shall make available to Covered Entity such PHI for so long as Business Associate maintains such information in the Designated Record Set. If Business Associate receives a request for access to PHI directly from an individual, Business Associate shall forward such request to Covered Entity within five (5) business days.

h. **Availability of PHI for Amendment.** Business Associate shall notify Covered Entity within five (5) business days of any request by individuals to amend PHI maintained by Business Associate in designated record sets, direct the requesting individual to Covered Entity for handling of such request, cooperate with Covered Entity in the handling of such request, and incorporate any amendment accepted by Covered Entity in accordance with §164.526 of the Regulations. Business Associate is not authorized to independently agree to any amendment of PHI.

i. **Accounting of Disclosures.** Business Associate shall maintain a record of those disclosures of PHI by Business Associate or its agents or subcontractors which are subject to the individual's right to an accounting under § 164.528 of the Regulations and report such disclosures to Covered Entity within five (5) business days of request by Covered Entity in a form permitting Covered Entity to respond to an individual's request for an accounting.

j. **Availability of Books and Records.** Business Associate shall make its internal practices, books and records relating to the use and/or disclosure of PHI available to the Secretary of HHS or his or her designees for purposes of determining Covered Entity's compliance with the Regulations.

k. **Return or Destruction of PHI upon Termination.** Business Associate shall return to Covered Entity or destroy (and not retain a copy) all PHI in its possession, upon the termination of the Services Agreement or as soon as such PHI is no longer needed by Business Associate to perform its responsibilities hereunder, whichever comes first, and require its agents and subcontractors to do likewise. To the extent that return or destruction is not feasible, the protections of this Agreement shall remain in effect for so long as Business Associate or its agents or subcontractors have possession of or access to such PHI, and Business Associate agrees to limit further uses and disclosures of the PHI to those purposes which make return or destruction infeasible.

l. **Restrictions.** Business Associate shall comply with any reasonable voluntary restriction on use or disclosure of PHI accepted by Covered Entity under § 164.522(a) of the Regulations which is properly communicated to Business Associate, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

m. **Limitations in Notice of Privacy Practices.** Business Associate shall comply with any reasonable limitation in Covered Entity's notice of privacy practices to the extent that such limitation may affect Business Associate's use or disclosure of PHI.

n. **Alternative Communication Requests from Individuals.** Business Associate shall comply with any reasonable requests by individuals under § 164 522(b) of the

Regulations to receive communications of PHI by alternative means or at alternate locations when communicated to Business Associate by Covered Entity or directly by the individual.

o. **Minimum Necessary Standard.** Business Associate shall limit the request for, and use and disclosure of, PHI for purposes described in this Agreement to the minimum necessary to perform the required function. Business Associate shall comply with any additional requirements for the determination of minimum necessary as are required from time to time by the Regulations, as amended.

6. **Responsibilities of Covered Entity.** Covered Entity agrees to:

a. Notify Business Associate promptly if Covered Entity agrees to any voluntary restrictions on the use or disclosure of PHI which will affect Business Associate's use or disclosure of PHI under the Services Agreement.

b. Notify Business Associate of any reasonable requests by individuals under §164.522(b) of the Regulations to receive communications of PHI by alternative means or at alternative locations, if such requests will affect Business Associate's services.

c. Provide Business Associate with a copy of any amendment to PHI which is accepted by Covered Entity under §164.526 of the Regulations which Covered Entity believes will apply to PHI maintained by Business Associate in designated record sets.

7. **Supervening Law.** Upon the enactment of any law or regulation affecting the use or disclosure of PHI, or the publication of any decision of a court of the United States or of this state relating to any such law, or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, Covered Entity may, by written notice to Business Associate, amend this Agreement in such manner as it determines necessary to comply with such law or regulation. If Business Associate disagrees with any such amendment, it shall so notify Covered Entity in writing within thirty (30) days of Covered Entity's notice. If the parties are unable to agree on an amendment within thirty (30) days thereafter, either party may terminate the Services Agreement on not less than thirty (30) days' written notice to the other. If not so terminated, the amendment or amendments proposed by Covered Entity shall become effective.

8. **Term and Termination.**

a. **Term.** This Agreement shall become effective on the Effective Date and shall continue in effect until all obligations of the parties have been met, including return or destruction of all PHI in Business Associate's possession (or in the possession of Business Associate's agents and subcontractors), unless sooner terminated as provided herein. It is expressly agreed that the terms and conditions of this Agreement designed to safeguard PHI shall survive expiration or other termination of the Services Agreement and shall continue in effect until Business Associate has performed all obligations under this Agreement.

b. **Termination by Covered Entity.** Any other provision of the Services Agreement(s) notwithstanding, Covered Entity may terminate the Services Agreements and this Business Associate Agreement upon thirty (30) days advance written notice to Business Associate in the event that Business Associate breaches a material term of this Agreement and such breach is not cured to the reasonable satisfaction of Covered Entity

within a thirty (30) day period. Failure to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

c. **Termination by Business Associate.** If Business Associate determines that Covered Entity has breached a material term of this Agreement, Business Associate shall notify Covered Entity and provide Covered Entity an opportunity to cure the alleged material breach upon mutually agreeable terms. Failure of Covered Entity to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

d. **Return/Destruction Infeasible.** Upon expiration or earlier termination of the Services Agreement(s) or this Business Associate Agreement, business Associate shall either return or destroy all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity and which the Business Associate still maintains in any form. Notwithstanding the foregoing, in the event that Business Associate determines that returning or destroying the PHI is infeasible, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible. Upon mutual agreement of the parties that return or destruction of PHI is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI.

9. **Miscellaneous.**

a. **Covered Entity.** For purposes of this Agreement, and as applicable to the Business Associate Functions of Business Associate under all Services Agreements covered by this Agreement, references to Covered Entity shall include the named Covered Entity and all other entities covered by a joint Notice of Privacy Practices with Covered Entity, whether as part of an affiliated covered entity or an organized health care arrangement.

b. **Survival.** The respective rights and obligations of Business Associate and Covered Entity hereunder shall survive termination of this Agreement according to the terms hereof and the obligations imposed on Covered Entity under HIPAA.

c. **Interpretation; Amendment.** This Agreement shall be interpreted and applied in a manner consistent with Covered Entity's obligations under HIPAA. All amendments shall be in writing and signed by both parties, except that this Agreement shall attach to additional Services Agreements entered into between the parties in the future without the necessity of amending this Agreement each time. This Agreement is intended to cover the entire Business Associate *relationship* between the parties, as amended, from time to time, through Services Agreements or other means.

d. **Waiver.** A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

e. **No Third-Party Beneficiaries.** Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies or obligations.

f. **Effect.** The provisions of this Agreement shall control with respect to Protected Health Information Business Associate receives from or on behalf of Covered Entity, and the terms and provisions of this Agreement shall supersede any conflicting or inconsistent

terms and provisions of the Services Agreement, including all exhibits or other attachments thereto and all documents incorporated therein by reference, to the extent of such conflict or inconsistency. This Agreement shall not modify or supersede any other provision of the Services Agreement.

g. **Counterparts.** This Agreement may be executed in two counterparts, each of which shall be deemed to be an original but both of which together shall constitute one and the same instrument. Copies of signatures sent by facsimile transmission or scanned and sent by email are deemed to be originals for purposes of execution and proof of this Agreement.

IN WITNESS WHEREOF, each of the undersigned has caused this Agreement to be duly executed in its name and on its behalf.

re: Letter of Resignation

Chairman Zimmerman and Members of the County Board:

As you know, at the June 28th Primary Election, I was the only candidate nominated for Resident Circuit Court Judge for Tazewell County in the General Election to be held on November 8, 2022. Therefore, I am submitting this unconditional resignation of my office of Tazewell County State's Attorney effective November 30, 2022, to allow a candidate to be slated for State's Attorney in the General Election to be held on November 8, 2022.

Having served as State's Attorney since 1995, I have worked diligently to create a culture of "Do what is right and do it well". The message to the public at the entrance to our main office reads: "The Duty of a Prosecutor is to seek Justice, not merely convict." Over the past 27 years, I have been blessed with many outstanding prosecutors who have served Tazewell County with distinction. The next State's Attorney will continue to face the same challenges of securing Justice and the confidence of the community in our criminal justice system.

I know that my Chief Assistant, Kevin Johnson, has the training, qualifications and experience to address, as State's Attorney, the difficult issues which continue to confront law enforcement and the citizens of Tazewell County. Even more importantly, Kevin Johnson has the good judgment and wisdom to serve justice in our community.

I recommend that Kevin Johnson be selected to serve as State's Attorney.

Sincerely yours,

Stewart J. Umholtz
State's Attorney

Mr. Chairman and Members of the Tazewell County Board:

Your Executive Committee has considered the following RESOLUTION and recommends that it be adopted by the Board:

RESOLUTION

WHEREAS, the County's Executive Committee recommends to the County Board to approve completion of Release of Recapture Agreement; and

WHEREAS, a Recapture Agreement was placed on property located at 13542 Illinois Route 29, Pekin, IL in October 1996; and

WHEREAS, the County's interest in the property expired under the agreement; and

WHEREAS, the property is now being sold and to complete the sale must have a Release of Recapture Agreement approved.

RECAPTURE AGREEMENT

THIS RECAPTURE AGREEMENT (this "Agreement") dated as of the 23rd day of October, 19 96, is made and entered into by and between Grace Eggna (the "Owner") whose address is 13542 Illinois Rt., 29, Pekin, Illinois, and Tazewell County ("Grantor") whose address is 334 Elizabeth St., Pekin, Illinois.

WITNESSETH:

WHEREAS, the Owner is the holder of legal title to improvements and certain real property commonly known as 13542 Illinois Rt. 29 (Midway), Pekin, Illinois, (the "Single Family Development"), legally described in **Exhibit A** attached hereto and by this reference made a part hereof; and

WHEREAS, Grantor has agreed to make a grant to the Owner in the amount of Ten thousand eight hundred fifty-three and 00/100 Dollars (\$ 10,853.00) (the "Grant"), the proceeds of which are to be used with such other monies, if any, for the rehabilitation of the Single Family Development; and

WHEREAS, as an inducement to Grantor to make the Grant, the Owner has agreed to enter into this Agreement in accordance with the terms, conditions and covenants set forth below.

NOW, THEREFORE, the parties hereto covenant and agree as follows:

1. Incorporation. The foregoing recitals are made a part of this agreement as fully and with the same force and effect as repeated herein at length.

2. Restrictions. As a condition of the Grantor's making of the Grant, the Owner agrees that if the Single Family Development is sold or otherwise transferred within five (5) years of the date that the Owner receives the Grant (the "Restriction Period"), other than by will or by operation of law upon the death of a joint tenant owner, the Owner shall pay to Grantor an amount equal to twenty percent (20%) of the amount of the Grant multiplied by the number of full years remaining in the Restriction Period; provided, however, that the percentage of the time remaining in the Restriction Period shall be measured in six (6)-month increments rounded up to the next full six (6)-month period.

3. Violation of Agreement by Owner. Upon violation of any of the provisions of this Agreement by the Owner, Grantor shall

give written notice thereof to the Owner by registered or certified mail addressed to the addresses stated in this Agreement, or such other addresses as may subsequently, upon appropriate written notice thereto to Grantor, be designated by the Owner. If such violation is not corrected to the satisfaction of Grantor within thirty (30) days after the date such notice is mailed, or within such additional time as Grantor in its sole discretion permits, Grantor may declare a default under this Agreement effective on the date of such declaration of default, and upon such default Grantor may:

a) Declare any Repayment Portion immediately due and payable; and/or

b) Exercise such other rights or remedies as may be available to Grantor hereunder, at law or in equity.

No delay on the part of Grantor in exercising any rights under this Agreement, failure to exercise the same nor the exercise of less than all of its rights under this Agreement shall operate as a waiver of such rights.

4. Amendment. This Agreement shall not be altered or amended without the prior written approval of all the parties hereto.

5. Election of Grantor's Remedies. Grantor's remedies are cumulative and the exercise of one shall not be deemed an election of remedies, nor foreclose the exercise of Grantor's other remedies.

6. Counterparts. This Agreement may be executed in counterparts, and each counterpart shall, for all purposes for which an original of this Agreement must be produced or exhibited, be the Agreement, but all such counterparts shall constitute one and the same agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year above first written.

- B. Company and County now desire to enter into an Agreement on the terms and conditions set forth herein.

AGREEMENT

In consideration of the foregoing Recitals, the mutual covenants set forth in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Company and County agree as follows.

- 1. Decommissioning Plan.** Company shall remove the solar farm under the provisions set forth under the attached Decommissioning Plan/Estimate “See Exhibit A” in compliance with Section 156.06 (B)(11)(a) of the Tazewell County Zoning Code of Ordinances.

(a) An updated decommissioning plan including estimated costs prepared by an Illinois licensed professional engineer and financial security must be submitted by the Company to the Community Development Administrator every four (4) years.

(b) The County Community Development Administrator will review and determine whether the updated estimate is acceptable. If the cost estimate is not acceptable, the Company may have the opportunity to resubmit an updated estimate or the County may have the submitted estimate reviewed by a Illinois licensed professional engineer of their choosing at the expense of the Company.

- 2. Solar Farm Removal by Company.** Company shall remove solar farm within six (6) months after a period of twelve (12) months of non- production, or at the end of the solar

farm's life expectancy, whichever occurs earlier. The following activities shall be fully completed:

(a)(c) All solar collectors and components, aboveground improvements and outside storage shall be removed.

(b)(d) All foundations, pads and underground electrical wires shall be removed, and the site reclaimed to a depth of four feet below the surface of the ground.

(e)(c) All hazardous material from the property and disposed in accordance with federal and state law.

3.2. **Surety Bond.** The Surety Bond # **SU1183895**, insured through Arch Insurance Company, in the amount of \$**10689,150980**, "See Exhibit B". The surety bond will guarantee full removal, and/or reclamation of said solar farm located on the Property.

(a) The County shall have access to the financial security funds for the expressed purpose of completing decommissioning if decommissioning is not completed by the project owner within six (6) months of the end of project life or facility abandonment;

~~(b) Financial security must remain valid through the life of the project. An updated decommissioning plan including estimated costs prepared by an Illinois licensed professional engineer and financial security must be submitted to the Community Development Administrator every four (4) years.~~

~~(b)(c) If the updated cost estimate described in 1(a) differs from the previously submitted estimate, Company shall provide an updated financial surety consistent with the new estimate. At all times, the financial surety shall be insured by a provider with an "A" rating or higher.~~

4. **Evidence of Solar Farm Removal & Surety Bond Termination.** Company shall provide County final documentation from a third-party licensed engineer or contractor of all removal and reclamation activities for acceptance and termination of surety bond. The bond shall be terminated within 30 days after said County acceptance of final documentation.

Attachment 1 Decommissioning Estimate

OVERVIEW

Summit Ridge Energy (SRE) has prepared this Decommissioning Plan for a proposed Solar Generating Facility (SGF) in Illinois. The purpose of the Plan is to provide the general scope of work and construction cost estimate for the decommissioning and assurance process. This document outlines the decommissioning activities required to restore the SGF site to a meadow condition that existed prior to construction of the SGF.

The SGF will produce power using photovoltaics (PV) panels mounted on ground supported galvanized metal piles. The facility will generally include equipment pads, perimeter security fencing, underground electrical conduits, overhead wires and utility poles, and a gravel access driveway.

The reported costs include labor, materials, equipment, contractor's overhead, and profit; the labor costs have been estimated using regional labor rates.

DECOMMISSIONING ACTIVITIES

DISMANTLEMENT, DEMOLITION, AND RECYCLING

The dismantling and demolition of the SGF shall generally include the removal of all solar electric systems, buildings, cabling, electrical components, roads, foundations, pilings, and any other associated facilities.

Following coordination with the local utility company regarding timing and required procedures for disconnection, the SGF connection will be removed from the electrical grid. All electrical connections to the system will be disconnected and all connections will be tested locally to confirm that no electric current is running through them before proceeding. All electrical connections to the panels will be cut at the panel and then removed from their framework by cutting or dismantling the connections to the supports. Modules, inverters, transformers, meters, fans, lighting fixtures, and other electrical structures will be removed. The term "hazardous" will be defined by the laws and regulations in effect at the time of decommissioning. Disposal of these materials at a landfill will be governed by State and Public Local Laws of the County or Town and including the Code of Illinois Regulations (COILR) governing waste disposal at County area landfills, and as may be amended from time to time.

All associated structures will be demolished and removed from the site for recycling or disposal, but no later than within 90 days after the end of energy production. The owner or operator shall notify the Municipal Planning Board by certified mail of the proposed date of discontinued operations and plans for removal.

Consultation with the landowner will determine if the access driveway should be left in place for their continued use. If the access driveway is deemed unnecessary, the contractor will remove the access driveway and restore this area with native soils and seeding. Gravel surface and base coarse will be removed completely. Any "clean" concrete will be crushed and disposed of off-site or recycled (reused either on- or off-site). Sanitary facilities will be provided on-site for the workers conducting the

decommissioning of the SGF. Abandoned underground conduits/raceways will be capped at each end and/or removed in their entirety. Wiring associated with above ground wire hanging systems, such as CAB, will be removed. Above ground power lines and poles that are not owned by the utility will be removed, along with associated equipment (isolation switches, fuses, metering) and holes will be filled with clean and compacted soil.

A significant amount of the components of the photovoltaic system at the facility will include recyclable or re-saleable components, including copper, aluminum, galvanized steel, and modules. Due to their resale monetary value, these components will be dismantled and disassembled rather than being demolished and disposed. It is anticipated that materials may be salvaged and some of the costs recovered. It is assumed that the galvanized steel components such as the racking, fencing, and foundation system can be recycled for a market value salvage value. The project general contractor will maximize recycling and reuse and will work with manufacturers, local subcontractors, and waste firms to segregate material to be recycled, reused, and/or disposed of properly.

Erosion and sediment control measures are required during the decommissioning process. These measures include a stabilized construction entrance, silt fence, concrete washout stations, and ground stabilization practices. The owner/operator will restore the project location to a vegetated meadow condition.

As with the project's construction, noise levels during the decommission work will increase. Proper steps will be followed to minimize the disturbance, such as using proper equipment for removing the support piles. Work hours are assumed to be 8 hours a day, during daylight hours. Also, road traffic in the area may increase temporarily due to crews and equipment movements.

A final site walkthrough will be conducted to remove debris and/or trash generated within the site during the decommissioning process and will include removal and proper disposal of any debris that may have been wind-blown to areas outside the immediate footprint of the facility being removed.

SITE STABILIZATION AND RESTORATION

The areas of the SGF that are disturbed (during decommissioning) will require minor grading activities to restore the site to a pre-development condition. Grading is required to establish a uniform and consistent slope; the ground will be stabilized via hydro seeding with the surface treatment approved by the building inspector/planning board, including application of a selected grass seed mix to surfaces disturbed during the decommissioning process. Additionally, minor volumes of soil material will be required to restore the access driveways and concrete equipment pad area. All site stabilization activities will be completed in accordance with the approved Sediment and Erosion Control Plan issued by the local Authority Having Jurisdiction (AHJ). At the time of approval of this plan, it is unknown whether a permit will be required for decommissioning, however, it will be verified with the county prior to commencement.

CURRENT PERMITTING REQUIREMENTS

We anticipate the following permits may be required prior to commencement of the decommissioning work: National Pollution Discharge Elimination Systems (NPDES) and a local Building Permit. However, because the decommissioning is expected to occur later in the future, the permitting requirements will be reviewed and might be subject to revisions based on local, state, and federal regulations at the time.

SCHEDULE

The decommissioning process is estimated to take approximately sixteen to eighteen (16-18) weeks, but no longer than six (6) months, and is intended to occur outside of the winter season.

SOLAR DECOMMISSIONING ESTIMATE

The decommissioning estimate is based on latest available prevailing labor costs and credits for salvaging project material. Summit Ridge Energy will initiate the re-submission of the updated decommission estimate to the County after 4 years from project commencement. A 20% contingency will be included in each estimate to account for estimate uncertainties.

The detailed cost estimate is included below.

SUBJECT: Haul Routes used for the construction of solar farm facilities along Springfield Road (CH 1) on Parcel 11-11-02-100-031 and along IL Route 9 (FAP 693) on Parcel 11-11-14-200-007

For clarification purposes:

Solar Facility proposed upon parcel 11-11-02-100-031:

The attached road use map for Schmidt Huser fronting Springfield Road is acceptable considering the type and volume of traffic generated by the required construction activities based on the statements of same from Summit Ridge Solar. No additional investigation nor additional financial security is required related to County Highways 1 or 19 being used for this activity.

Solar Facility proposed upon parcel 11-11-14-200-007:

The attached road use map for Pearl Street illustrates the site being along Illinois Route 9 and accessed by Illinois Route 9. Therefore, this route would be under the jurisdiction of the Illinois Department of Transportation, District 4 in Peoria. The Bureau of Operations would be the initial contact at: 309-671-4486 (Mike Harris).

Please feel free to contact me for anything.

Road Use Route Map - Schmidt Huser

Schmid Huser site is location on County Rd 2100 E. Expected county roads to be used include:

- County Rd 2100 E/Springfield Rd
- County Rd 1700N/Broadway Rd

Current plan is to follow the routes shown on the below photo to access the site from I-155

Types of Vehicles:

- Tractor Trailer/Semi Trucks
- Dump/Gravel Trucks
- Cement mixer/trucks
- Delivery vans (Fedex/UPS and similar)
- Mobile Self-propelled Crane
- Personal/passenger vehicles

Approximate Maximum weight: 30 tons/ 60,000 lbs

Road Use Route Map - Pearl Street

Pearl Street site is on IL-9, which is the only route we expect to use to access the site.

Most traffic is expected to come from I-155 to IL-9 to the site per the below photo. No county roads to be utilized.

Types of Vehicles:

- Tractor Trailer/Semi Trucks
- Dump/Gravel Trucks
- Cement mixer/trucks
- Delivery vans (Fedex/UPS and similar)

DECOMMISSIONING AGREEMENT

THIS DECOMMISSIONING AGREEMENT (“Agreement”) is made into as of this ____ day of _____, 2022 (the “Effective Date”) by and between Pearl St Solar 1 LLC (the “Company”), an Illinois limited liability company, and Tazewell County Board of Zoning Appeals (the “County”).

RECITALS

- A. County granted Special Use approval - Case No. 19-03-S, on the following land (“Property”):

P.I.N 11-11-14-200-001- approximately 18+/- acres utilized for Phase 1 located on the Southside of Illinois Route 9 located in part of the Northeast Quarter of Section 14, Township 24 North, Range 4 West of the Third Principal Meridian, Elm Grove Township, Tazewell County, Illinois; Located at (commonly referred to at the Tazewell County Tremont Campus) 21314 Illinois Route 9, Tremont, Illinois.

- B. Company and County now desire to enter into an Agreement on the terms and conditions set forth herein.

AGREEMENT

In consideration of the foregoing Recitals, the mutual covenants set forth in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Company and County agree as follows.

- 1. Decommissioning Plan.** Company shall remove the solar farm under the provisions set forth under the attached Decommissioning Plan/Estimate “See Exhibit A” in compliance with Section 156.06 (B)(11)(a) of the Tazewell County Zoning Code of Ordinances.

(a) An updated decommissioning plan including estimated costs prepared by an Illinois licensed professional engineer and financial security must be submitted by the Company to the Community Development Administrator every four (4) years.

(b) The County Community Development Administrator will review and determine whether the updated estimate is acceptable. If the cost estimate is not acceptable, the Company may have the opportunity to resubmit an updated estimate or the County may have the submitted estimate reviewed by a Illinois licensed professional engineer of their choosing at the expense of the Company.

- 2. Solar Farm Removal by Company.** Company shall remove solar farm within six (6) months after a period of twelve (12) months of non- production, or at the end of the solar farm’s life expectancy, whichever occurs earlier. The following activities shall be fully completed:

- (a)** All solar collectors and components, aboveground improvements and outside storage shall be removed.
- (b)** All foundations, pads and underground electrical wires shall be removed, and the site reclaimed to a depth of four feet below the surface of the ground.
- (c)** All hazardous material from the property and disposed in accordance with federal and

state law.

3. **Surety Bond.** The Surety Bond # **SU 1182651**, insured through Arch Insurance Company, in the amount of \$~~89130,000~~490, “See Exhibit B”. The surety bond will guarantee full removal, and/or reclamation of said solar farm located on the Property.

(a) The County shall have access to the financial security funds for the expressed purpose of completing decommissioning if decommissioning is not completed by the project owner within six (6) months of the end of project life or facility abandonment;

~~(b) Financial security must remain valid through the life of the project. An updated decommissioning plan including estimated costs prepared by an Illinois licensed professional engineer and financial security must be submitted to the Community Development Administrator every four (4) years.~~

(b)(c) If the updated cost estimate described in 1(a) differs from the previously submitted estimate, Company shall provide an updated financial surety consistent with the new estimate. At all times, the financial surety shall be insured by a provider with an "A" rating or higher.

4. **Evidence of Solar Farm Removal & Surety Bond Termination.** Company shall provide County final documentation from a third-party licensed engineer or contractor of all removal and reclamation activities for acceptance and termination of surety bond. The bond shall be terminated within 30 days after said County acceptance of final documentation.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of _____, _____, 2022.

Attachment 1 Decommissioning Estimate

OVERVIEW

Summit Ridge Energy (SRE) has prepared this Decommissioning Plan for a proposed Solar Generating Facility (SGF) in Illinois. The purpose of the Plan is to provide the general scope of work and construction cost estimate for the decommissioning and assurance process. This document outlines the decommissioning activities required to restore the SGF site to a meadow condition that existed prior to construction of the SGF.

The SGF will produce power using photovoltaics (PV) panels mounted on ground supported galvanized metal piles. The facility will generally include equipment pads, perimeter security fencing, underground electrical conduits, overhead wires and utility poles, and a gravel access driveway.

The reported costs include labor, materials, equipment, contractor's overhead, and profit; the labor costs have been estimated using regional labor rates.

DECOMMISSIONING ACTIVITIES

DISMANTLEMENT, DEMOLITION, AND RECYCLING

The dismantling and demolition of the SGF shall generally include the removal of all solar electric systems, buildings, cabling, electrical components, roads, foundations, pilings, and any other associated facilities.

Following coordination with the local utility company regarding timing and required procedures for disconnection, the SGF connection will be removed from the electrical grid. All electrical connections to the system will be disconnected and all connections will be tested locally to confirm that no electric current is running through them before proceeding. All electrical connections to the panels will be cut at the panel and then removed from their framework by cutting or dismantling the connections to the supports. Modules, inverters, transformers, meters, fans, lighting fixtures, and other electrical structures will be removed. The term "hazardous" will be defined by the laws and regulations in effect at the time of decommissioning. Disposal of these materials at a landfill will be governed by State and Public Local Laws of the County or Town and including the Code of Illinois Regulations (COILR) governing waste disposal at County area landfills, and as may be amended from time to time.

All associated structures will be demolished and removed from the site for recycling or disposal, but no later than within 90 days after the end of energy production. The owner or operator shall notify the Municipal Planning Board by certified mail of the proposed date of discontinued operations and plans for removal.

Consultation with the landowner will determine if the access driveway should be left in place for their continued use. If the access driveway is deemed unnecessary, the contractor will remove the access driveway and restore this area with native soils and seeding. Gravel surface and base coarse will be removed completely. Any "clean" concrete will be crushed and disposed of off-site or recycled (reused either on- or off-site). Sanitary facilities will be provided on-site for the workers conducting the

decommissioning of the SGF. Abandoned underground conduits/raceways will be capped at each end and/or removed in their entirety. Wiring associated with above ground wire hanging systems, such as CAB, will be removed. Above ground power lines and poles that are not owned by the utility will be removed, along with associated equipment (isolation switches, fuses, metering) and holes will be filled with clean and compacted soil.

A significant amount of the components of the photovoltaic system at the facility will include recyclable or re-saleable components, including copper, aluminum, galvanized steel, and modules. Due to their resale monetary value, these components will be dismantled and disassembled rather than being demolished and disposed. It is anticipated that materials may be salvaged and some of the costs recovered. It is assumed that the galvanized steel components such as the racking, fencing, and foundation system can be recycled for a market value salvage value. The project general contractor will maximize recycling and reuse and will work with manufacturers, local subcontractors, and waste firms to segregate material to be recycled, reused, and/or disposed of properly.

Erosion and sediment control measures are required during the decommissioning process. These measures include a stabilized construction entrance, silt fence, concrete washout stations, and ground stabilization practices. The owner/operator will restore the project location to a vegetated meadow condition.

As with the project's construction, noise levels during the decommission work will increase. Proper steps will be followed to minimize the disturbance, such as using proper equipment for removing the support piles. Work hours are assumed to be 8 hours a day, during daylight hours. Also, road traffic in the area may increase temporarily due to crews and equipment movements.

A final site walkthrough will be conducted to remove debris and/or trash generated within the site during the decommissioning process and will include removal and proper disposal of any debris that may have been wind-blown to areas outside the immediate footprint of the facility being removed.

SITE STABILIZATION AND RESTORATION

The areas of the SGF that are disturbed (during decommissioning) will require minor grading activities to restore the site to a pre-development condition. Grading is required to establish a uniform and consistent slope; the ground will be stabilized via hydro seeding with the surface treatment approved by the building inspector/planning board, including application of a selected grass seed mix to surfaces disturbed during the decommissioning process. Additionally, minor volumes of soil material will be required to restore the access driveways and concrete equipment pad area. All site stabilization activities will be completed in accordance with the approved Sediment and Erosion Control Plan issued by the local Authority Having Jurisdiction (AHJ). At the time of approval of this plan, it is unknown whether a permit will be required for decommissioning, however, it will be verified with the County prior to commencement.

CURRENT PERMITTING REQUIREMENTS

We anticipate the following permits may be required prior to commencement of the decommissioning work: National Pollution Discharge Elimination Systems (NPDES) and a local Building Permit. However, because the decommissioning is expected to occur later in the future, the permitting requirements will be reviewed and might be subject to revisions based on local, state, and federal regulations at the time.

SCHEDULE

The decommissioning process is estimated to take approximately sixteen to eighteen (16-18) weeks, but no longer than six (6) months, and is intended to occur outside of the winter season.

SOLAR DECOMMISSIONING ESTIMATE

The decommissioning estimate is based on latest available prevailing labor costs and credits for salvaging project material. Summit Ridge Energy will initiate the re-submission of the updated decommission estimate to the County after 4 years from project commencement. A 20% contingency will be included in each estimate to account for estimate uncertainties.

The detailed cost estimate is included below.

MEMO

FROM: Dan Parr, County Engineer
TO: Summit Ridge Solar, et al
DATE: July 22, 2022
SUBJECT: Haul Routes used for the construction of solar farm facilities along Springfield Road (CH 1) on Parcel 11-11-02-100-031 and along IL Route 9 (FAP 693) on Parcel 11-11-14-200-007

For clarification purposes:

Solar Facility proposed upon parcel 11-11-02-100-031;

The attached road use map for Schmidt Huser fronting Springfield Road is acceptable considering the type and volume of traffic generated by the required construction activities based on the statements of same from Summit Ridge Solar. No additional investigation nor additional financial security is required related to County Highways 1 or 19 being used for this activity.

Solar Facility proposed upon parcel 11-11-14-200-007;

The attached road use map for Pearl Street illustrates the site being along Illinois Route 9 and accessed by Illinois Route 9. Therefore, this route would be under the jurisdiction of the Illinois Department of Transportation, District 4 in Peoria. The Bureau of Operations would be the initial contact at: 309-671-4486 (Mike Harris).

Please feel free to contact me for anything.

RE: Multi-Township Redistricting

To Pekin Township Supervisor and Board of Trustees,

The 2020 Census has been completed and the results have been made public. Per state statute 35 ILCS 200/2-10 all townships and multi-townships must be reviewed based on current population.

I am proposing that all townships and multi-townships remain the same. There was not a significant population change to warrant modifying the current townships/multi-townships.

All township boards are required to meet prior to September 15th to determine by a majority vote if the proposed change is acceptable or unacceptable. The township board must notify the Supervisor of Assessments office in writing of their decision.

Please contact me if you have any questions or concerns.

Sincerely,

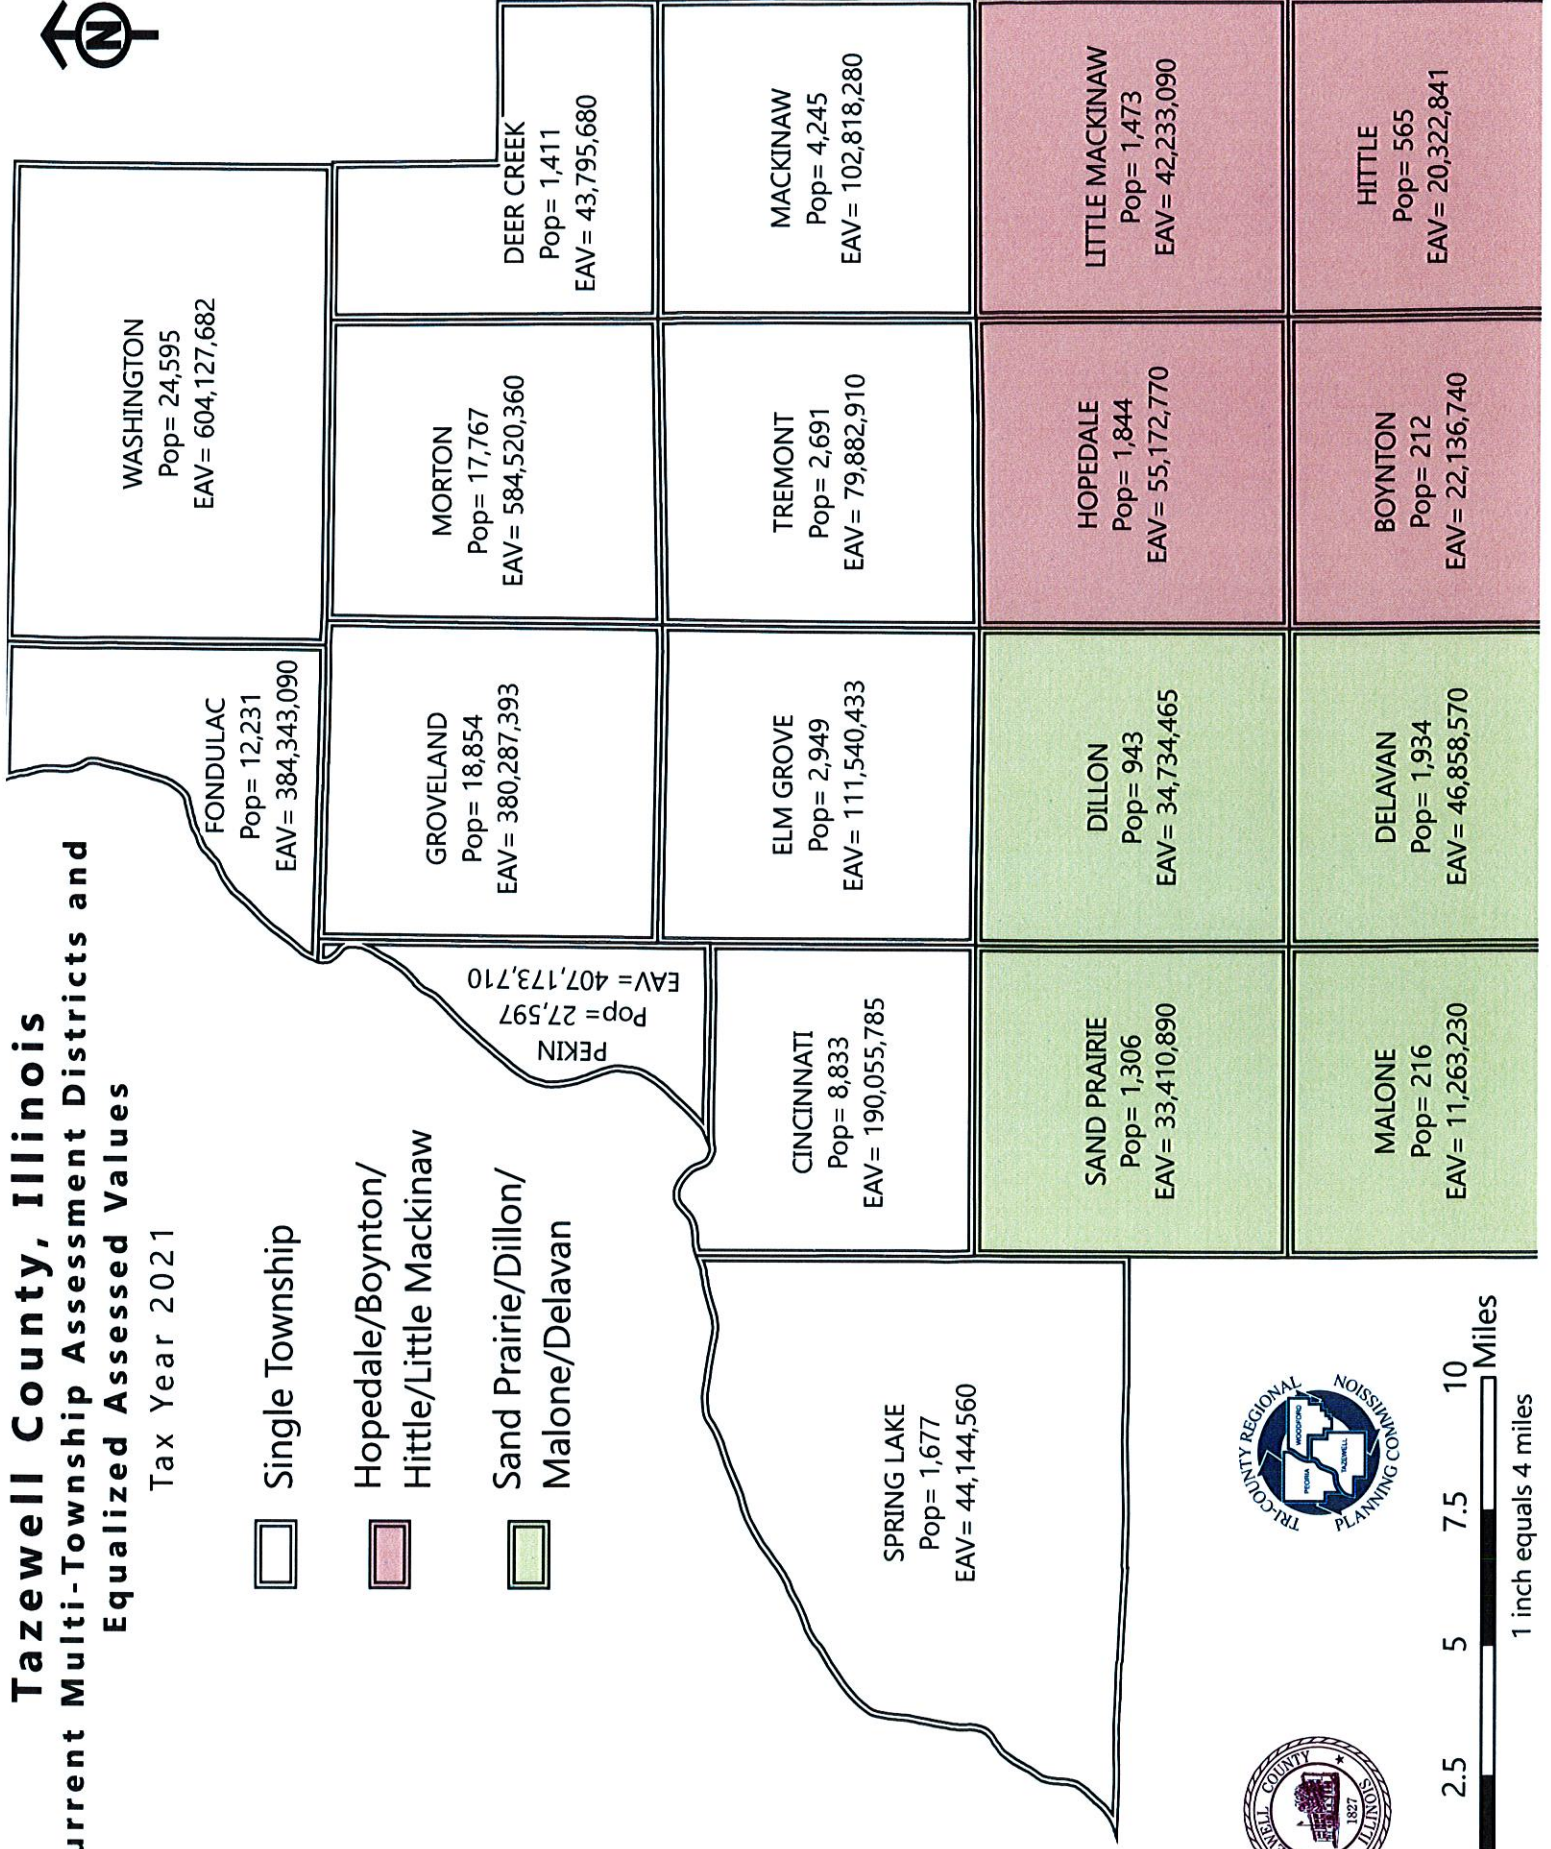

Nicole Jones
